EXTEND YOUR ORGANIZATION'S
IT SECURITY TO THE FRONT LINES

Strengthen your IT infrastructure's resilience against cyber threats.

Today, your employees are frequently exposed to sophisticated phishing and ransomware attacks. Ricoh's highly customizable training introduces cyber security awareness digestibly and impactfully, transforming employees into your first line of defence against today's advanced threat actors.

**Enable your employees to make
smart security decisions everyday**

Mitigate the risk of security breaches happening with comprehensive cyber security training and testing for your employees. Ricoh Canada is partnered with KnowBe4, the world's largest integrated platform offering security awareness training and simulated attacks.

UP-TO-DATE PROTECTION

The cyber security landscape is rapidly changing, requiring employees to stay on their toes and be aware of new and emerging threats.

KnowBe4 is a dynamic platform that regularly updates content and features to ensure it's relevant and engaging for all users. Get access to real new-school security awareness training that lower tiered platforms are not able to deliver.

WHAT YOU GET

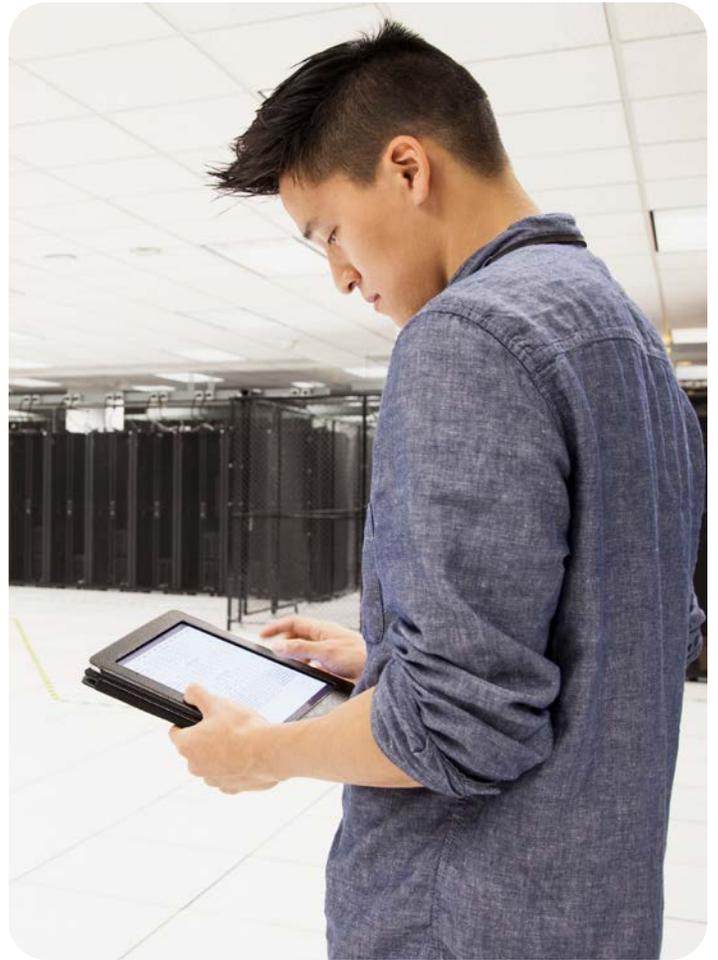

With this new-school integrated platform, you can train and phish your users and see their Phish-prone percentage™. You can also monitor how their risk score improves over time and get measurable results.

Experience on-demand, interactive, and engaging training through the browser combined with unlimited simulated social engineering attacks through email, phone and text.

Ricoh offers a diamond-level package to deliver a full suite of features:

- Unlimited phishing security tests
- Automated security awareness program
- Security 'hints and tips'
- Training Access Level I
- Automated training campaigns
- Phish alert button
- Phishing reply tracking
- Active Directory integration
- Industry benchmarking
- Virtual Risk Officer™
- Advanced reporting
- Crypto-ransom guarantee
- Training Access Level II
- Monthly email exposure check
- Vishing security test
- Smart groups reporting
- APIs
- Security roles
- Social engineering indicators
- USB drive test
- Priority level support
- Training Access Level III

"Phish-prone percentage" is a trademark of KnowBe4 Inc.

LET RICOH HELP YOU TAKE A PROACTIVE APPROACH AGAINST CYBER THREATS

Save time on costly manual procedures and reviews. Enjoy peace of mind from knowing that your organization is protected so you can focus on other important aspects of your business.

Ricoh's cyber security solutions are delivered by a cross-functional team of experts that will protect your network, data and end-users from the threat of cyber criminals.

EMPOWERING DIGITAL WORKPLACES

The greatest asset of a company, a country and the Earth itself is the imagination of its people. Through creativity and collaboration, people can improve the way communities live and work together. Ricoh strives to provide the right combination of technology, expertise and service to inspire and enable powerful transformation in your organization.

Since our beginning in 1962, we've been on the forefront of workplace innovation. Back then, that meant creating the first office fax machine. Today, we're empowering digital workplaces, which means connecting people to information, faster and more conveniently than ever before. We'll help you to improve employee productivity, better serve your customers, and grow your business. As for tomorrow, that vision is already taking shape in our minds and labs. And as digital workplaces continue to change the way we work, our imagination will continue to help you work smarter.

WHY RICOH?

- ✓ 600+ customers nationwide
- ✓ Ricoh's IT Services specialize in the design, implementation, security, and support of all infrastructure, cloud and networking systems to help you work smarter, faster and more securely
- ✓ Dedicated IT solutions specialist located across Canada
- ✓ Award-winning technology combined with end-to-end professional services and support
